

20th Annual Canada Life CN Tower Climb for WWF – Canada

On Saturday, April 17th, 2010, a group of 9 RiskCheck employees and friends, known as Team RiskCheck – No Building Too Big, assessed all the risks and **safely** climbed the 1,776 steps of the CN Tower to help raise funds in support of WWF – Canada (World Wildlife Fund Canada) to combat climate change. Thanks to generous sponsors, our team contributed a total of **\$1,588.12** to the **over \$1.2 million** that the event raised for this important environmental issue over the weekend. While all members of the team accomplished their goal of reaching the top without injury, our fastest climber, Tony Pringle, finished the climb in an impressive 14 minutes and 26 seconds.

Thanks to all of our sponsors for helping us support a very worthwhile cause.
